**Commercial Information**

*The Art of Powerful Cleaning...*

**Date:** 0406

**Title:** Airblast Jumbo Pipe Blaster

**Description**

The Jumbo Pipe Blaster tool cleans the interior of pipes ranging in size from 35" (890 mm) to 63" (1600 mm) I.D.

The tool connects to most abrasive blasting machines in place of a standard nozzle. As the tool passes through the length of the pipe being cleaned, abrasive is ejected by two nozzles mounted on a rotating head which is driven by the compressed air escaping the two nozzles. An adjustable centering carriage supports the tool through the pipe internal.

**Ordering Info**

Art.nr.	Model	Description
34000	JPB-I	Jumbo Pipe Blaster, complete (excl. nozzles)
34100	JPB-C	Jumbo Pipe Blaster Spare Parts Kit

Nozzles (2 pcs. required)

20070	ATSDX-4	Nozzle TC – 6,5 mm orifice, 135 mm long
20080	ATSDX-5	Nozzle TC – 8,0 mm orifice, 145 mm long
20090	ATSDX-6	Nozzle TC – 9,5 mm orifice, 170 mm long

Portable/Stationary Abrasive Blast Equipment - Nozzles - Nozzle Holders - Hoses - Couplings - Lighting  
 Wetblast Equipment - High Pressure Waterjetting - Personal Protection - Blast Cabinets - Blastrooms  
 Vacuum Blast/Recovery Equipment - Portable/Stationary Wheelblast Equipment - Dehumidifiers  
 Pipe Cleaning/Coating - Air Treatment - Mobile Dust Collectors - Media - Paintspray Equipment  
 Plural Component - Measuring Instruments
