

NOVA 1

Abrasive Blasting Helmet

AIRBLAST

Safety

The NOVA 1 has been tested and approved to Respiratory Protection standards worldwide including CE (EN14594) and AS/NZS. NOVA 1 has been designed specifically for blasting, by blasting experts.

Comfort

A comfortable respirator system dramatically reduces worker fatigue and increases productivity. Lightweight pillow foam padding provides maximum comfort and reduces outside noise to a minimum. A soft breathable inner cape allows perfect airflow while keeping out contaminants. The advanced Air Duct Distribution System creates a constant flow of breathable air, prevents fogging and keeps workers cool. Every feature of the NOVA 1 has been designed, manufactured and tested to ensure workers' safety and comfort under even the most demanding conditions.

Lenses

The Tear-off lenses system is a unique "FIT AND SAVE" system of pre-folded tabs. This means worker can quickly tear off just one, layered, lens at a time. Contractors have reported a time saving of over 45 minutes a day per blaster using the "FIT AND SAVE" system, and a resulting increase in productivity.

NOVA 1 Assembly

Part no.	Description
4800000	Nova 1 Air Supplied Blasting Helmet, complete with nylon cape and constant flow valve
4800110	Nova 1 Air Supplied Blasting Helmet, complete with nylon cape and adjustable flow control valve

NOVA 1 Parts List

Item	Part no.	Description	Item	Part no.	Description
01	4800300	Visor kit	12	4800800	Low flow indicator adaptor
02	4601001	Tear-off lenses	13	4800700	Air inlet kit
03	4601000	Outer lens	14	4800600	Support brackets
04	4600900	Inner lens	15	4801300	Breathing tube
05	4600600	Window gasket seal	16	4703400	Belt
06	4703500	Low flow indicator	17	4801200	Constant flow valve
07	4800900	Cape cover band		4601600	Adjustable flow control valve
08	4701400	Head dome (sizes S, M & L)	18	4701000	Inner bib
09	4701700	Side wings (sizes S, M & L)	19	4801000	Nylon cape 71 cm
10	4800400	Visor strap		4801100	Leather cape 71 cm
11	4800500	Cleat
